Jean Giller.

Member Jean Giller passed away earlier in the year during lock down. Jean's daughters kindly offered to sponsor an event for the women members in Jean's memory. This was held in early December with a good turn out on the day.

Course Report

Broom has been sprayed around burn area near 7th hole with a great outcome. It seems to have hit this hard. Rabbit eradication is still going on.

A lot of spraying has been happening at the moment; wetting agents on greens, tees and surrounds. It has been a busy 2 weeks with this trying to get it all done before Christmas time.

Rough growth is slowly starting to slow down now. All fairways have been sprayed for weeds, also the tees and surrounds.

Greens have all recovered from coring really well. The practice green has been spiked this will happen a couple more times throughout season due to compaction

Course Philosophy

With quite a few new members many may not be aware that we have a course philosophy document. This guides maintenance and development decisions on the course. A copy of this document can be found on the website in the "members only" section. It is worth a read.
